

Levels 3&4 - Second Semester 2016

Tentative Examination Dates

- 18th October (Tuesday): C 3852/4852 – Molecular Biology and Biotechnology
C 3162/4162 - Molecular Biology and Biotechnology
- 20th October (Thursday): C 3941/4941 – Agro Industries
C 3281/4281 - Agro Industries
- 22nd October (Saturday): C 3543 – Advanced Topics in Organic Chemistry
C 3063/4063 – Special Topics in Organic Chemistry
- 23rd October (Sunday): C 3972/4972 – Petroleum and Petrochemicals
- 25th October (Tuesday): C 3832/4832 – Industrial Safety and Environmental Technology
- 27th October (Thursday): C 3633/4633 – Environmental Chemistry
C 3173/4173 - Environmental Chemistry
- 29th October (Saturday): C 3532 – Further Topics in Physical Chemistry
C 3033/4033 – Special Topics in Physical Chemistry
- 30th October (Sunday): C 3663/4663 – Fundamentals of Chemical and Process Engineering
C 3153/4153 – Fundamentals of Chemical and Process Engineering
- 02nd November (Wednesday): C 3872/4872 – Photochemistry
C 3182/4182 - Photochemistry
- 05th November (Saturday): C 3563 – Special Topics in Inorganic Chemistry
C 3053/4053 – Special Topics in Inorganic Chemistry
- 06th November (Sunday): C 3683/4683 – Industrial Chemistry & Technology
C 3103/4103 - Industrial Chemistry & Technology
- 12th November (Saturday): C 3583 – Selected Topics in Analytical Chemistry
C 3073/4073 - Selected Topics in Analytical Chemistry
