DIPLOMA IN LABORATORY TECHNOLOGY (DLT)

- Two year professional qualification.
- Includes practical in Microbiology, Biochemistry & Hematology / Food Analysis.
- Industry oriented courses in Laboratory Technology.
- Supplementary course units including Mathematics, Electronics, Basic statistics, Management & Information Technology.
- Cream of reputed lecturers from leading universities, chemical industries and medical fields in Sri Lanka.

STUDENT LIFE AT CCS

- Sports: Cricket, Rugby, Badminton, Soccer, Basketball, Chess and Carrom.
- Clubs: Rotaract club, Gavel club and Saukyadana movement.
- Opportunities to showcase your talents: “Aura” The annual talent show, Inter University debate competition and CCS Inventor competition.
- Religious activities: Posen Bakthi gee, Bana program, Christmas Party, Thanksgiving mass, Navarathri festival and Ramadan festival.

GRADUATESHIP IN CHEMISTRY (GIC)

- Four year professional qualification equivalent to a four year bachelor’s degree in chemistry accredited by the Royal Society of Chemistry, UK.
- Covers theory and practical in all basic areas including physical, organic, inorganic and analytical chemistry.
- Industry oriented courses in chemistry.
- Supplementary course units including mathematics, biology, physics, basic statistics, management etc.
- Cream of reputed lecturers from leading universities and chemical industries in Sri Lanka.

“Be sure you put your feet in the right place, then stand firm.”
- Abraham Lincoln

No delays or ragging

Entire course is taught in English medium

Lowest cost for a professional chemistry qualification in the region
